NB, we still have outstanding executive vacancies and more trustees are always welcome.

Peter Blayney has retired as secretary and OMWPR Organizer but is continuing to be active in his support of the Green Park Entrance Restoration Project. Thank you for dealing with the large and increasing volume of work that FOVG has generated over the year, including minutes, reports, welcome letters to new members and the Albatross Newsletter. Peter will be still seen at the OMWPR, promoting the Hygiea mugs with enthusiasm and these can be purchased for a £10 donation.

Stephen Watkinson and Jon Iddon have retired from the Marketing and Publicity Organizer role. Though their stay with FOVG was short they made a great impact and encouraged us into the media of the 21st century with regards to Facebook, Twitter and Instagram. Your enthusiasm will be missed in many roles, including

procurement of a wonderful selection of tombola prizes for 40s day and organizing visits of Father Christmas and an Easter Treasure Hunt event for children in the pouring rain. Lastly but not least FOVG has been very grateful for the sponsorship and the enthusiasm for the events you organized. We wish you well in your new life in Scotland.
